

Calving at Schon Boden Farm

Calving time: April - June/July

- Calving on pasture - separate birthing pasture
 - Can use a horse stall if necessary.
- Avoid the colder months and flies

Calving Prep

- Proper Hay Feed - not too much during last trimester causes bigger calves, difficult deliveries
- Mineral tub - including selenium
- Check twice daily (morning and evening)
- Four Wheeler prepped
 - OB Gloves
 - Iodine
 - Cell phone with Vet's number
 - Chains

Kept on hand during this time

- BOSE

- MUSE
- Colostrum or Colostrum Replacer
- Bottle with tube feeder

- Mastitis injection

- Cydectin

- Headgate - safe space to treat cow
