President's Message

– Ben Schmidke, President

It's hard to believe, but we've reached the end of another Summer and are easing into Fall. In our area, sufficient rains kept the pastures in good shape and the cattle did well. It did make it tough to get dry hay made though. The NCHCA was well represented at the Wisconsin and Minnesota state fairs, as well as Farm Technology Days in Wisconsin. Our members had a great time meeting with the visitors and discussing Highlands. As I write this, we are approaching the dates for World Beef Expo and the NCHCA show in Austin, MN. These are always excellent opportunities to meet other breeders and to introduce people to our cattle. I hope that you all have a safe Fall, and for those who are expecting Fall calves, I wish you a successful calving season.

MISSION STATEMENT: North Central Highland Cattle Association shall protect the integrity and sustainability of the Highland breed by promoting education and social interactions of its members.

Annual February Meeting

Hey All,

Just wanted to take a moment to invite the entire membership to our annual meeting on February 20th, and 21st, 2016 at the Clarion Hotel Campus Area

2703 Craig Road
Eau Claire, WI 54701
715-835-2211

It's in the same great place we had it last year with great accommodations and an excellent staff. Hopefully the weather will be a bit warmer! About 20 degrees would be nice! It's easy to find, comfortable, and a whole lot of other friends will be there for some good cattle (and maybe non-cattle) conversation.

Call the hotel to reserve your room and mention that you are with the North Central Highland Cattle Association to get a discounted room rate of \$79.95 per night. Then, please download the registration form off the NCHCA website and you can either use PayPal, now available on our website, or send a check made out to NCHCA to Jan Larson at the address below

NCHCA Secretary
8968 Fishman Road
Burlington, WI 53105
262-539-3257

Looking forward to seeing some old friends, and the opportunity to meet some new ones!
Please come and join us!

Thank you

Jan

2015 AHCA Convention and Board Meetings

by David Larson, AHCA Director

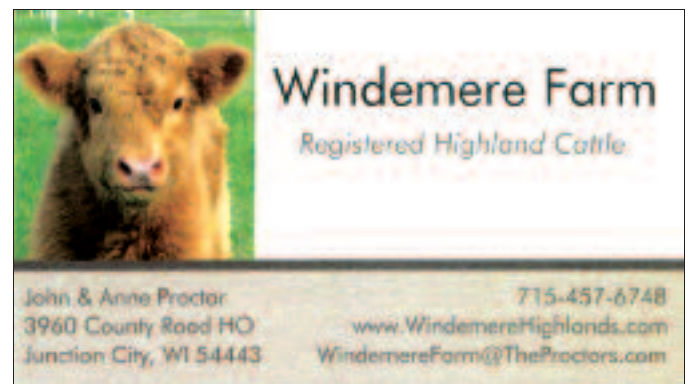

The AHCA board is focusing on refining protocol to make the national board more effective and efficient. There has been a great deal of discussion on how to make the flow of meetings, and information smoother. Special emphasis has been put on parliamentary procedures and communication between directors. They are also working on making communication with the membership a priority, as well as how to recruit more participants from the general membership who are, or who might be, interested in helping out on the national level.

On the committee level, the Crossbreeding program is moving forward and requirements are being put into place for those who would like to register crossbred animals. The Juniors, on the national level, are working on a new program, to be unveiled later this year, that they are extremely excited about. Watch for wording changes on paperwork when transferring and registering animals.

There has been an inquiry from the University of Nebraska regarding the unusual longevity and productivity of the highland females. They are interested in possibly using the data from AHCA gathered when animals and their progeny are registered. AHCA is looking into the legalities of

participating in the study, but the results could really help promote the breed. Dr. Weigand's study regarding the attributes of Highland meat have come back with some interesting results that could help many beef producers refine their procedures and maybe even help them promote their meat more effectively. The possibility of moving into stage 2 of the study is currently being assessed.

The AHCA board, due to expenses, and low attendance, has voted to change the yearly national convention. They voted to have a National Convention like they currently do, BUT, it would be held every other year. During the "off" years, a membership meeting will be held on a member farm that is convenient to airports and hotels. Directors and members could come in on a Thursday or Friday with meetings beginning on Friday morning and leaving on Sunday.

The North Central Highland Cattle Association (NCHCA) was formed in 1982 to promote Scottish Highland Cattle, form a marketing unit for breeders, and to provide a local organization closer to home. The organization has done this and provides opportunities for youth and families to have fun with their Highland cattle. Our association provides networking and educational opportunities for its members, has an active junior program for youth, and provides a local voice to the national organization, the American Highland Cattle Association.
